---

The Court orders that the motion for immediate consideration is GRANTED.

The motion to review bail is DENIED without prejudice. However, defendant alleges in his motion that the trial court's referral to the Defendant Screening Unit has not been generated or noted by the DSU. Thus, the trial court is advised to generate another referral to the DSU and/or schedule the bail determination for a hearing, if it has not yet done so already.

The Court retains no further jurisdiction.
